The Lincoln CAB heard various comments and concerns regarding a stratified hunt for youth. Although potential exists to provide a more opportunity in some respect, it also has potential to be subject to discrepancies within quota protocols such as demand-success formulas. It should be examined further as the process moves forward, notably in units where demand is high.

Also of particular concern is that of potential stratification of the youth hunt while leaving the landowner deer and antelope program wide open. Landowner tag vouchers should be required to be weapon specific when utilized.

- 2) **Agenda item : Commission Regulation 21-15 Amendment #1, Fishing Seasons.**
