

Action Report

CABMW recommendations for the Nevada Board of Wildlife Commissioners Meeting on:
April 29, 2024.

Mineral County Advisory Board to Manage Wildlife

Submitted by Chairman: Glenn Bunch

To the Nevada Board of Wildlife Commissioners: wildlifecommission@ndow.org, c/o Executive Assistant, Lynda Barr lbarr@ndow.org

CABMW Members Present: Wayne Larson, Darren Hamrey, John Lockwood
Others: None

Commission Agenda Action Items:

1) Agenda item Resident Antelope Archery Hunt 2161

Recommendation

In Support _____ In Opposition See comment below _____

The Board requested that the quota be increased in unit 205-208 from 10 to 15.

The archery hunters saw a lot of antelope in the area and see no reason to go less. The success ratio was discussed. The board does not feel there is justification to stay at 10.

2) Agenda item Resident Nelson Bighorn Sheep Hunt Unit 3151

Recommendation

In Support _____ In Opposition See comment below _____

After discussion with Jason Salisbury-NDOW, it was felt that there should be one more year before doing any reduction in area 207.

The Board recommends to keep 207 at 3 for 2024.

See minutes for discussion.

3) Agenda item Resident Mule Deer Antlered – Hunt 1331

Recommendation

In Support _____ In Opposition See comment below _____

The Board reviewed the deer they had observed in the field while hunting. The numbers were coming in late, but they were there. After discussion the motion was made to:

Increase the hunt area 202, 205-208 Nov 5 – Nov 30, from the Dept Rec of 40 to:

Board recommendation amount of 45.

4) Agenda item Resident Mule Deer Hunt Muzzleloader 1371

Recommendation

In Support _____ In Opposition See comment below _____

The board feels that Unit 202, 205-208 should be left at 7 and not reduced as dept recommendation. For reasons similar to the 1331 hunt, the deer were there but just came in late. Which is not controllable and may be different this year. But the opportunity needs to be available during the season.
